### Quattro, 4-Motion, Syncro = 4WD

All prices contain the complete **air-management-kit** **inclusive the shock-absorber-kit** for the front + rear (if not differently marked).

All prices are **inclusive the german value added tax** (19%). You have to add the shipping-costs from your country.

**B** = You have to repair the original shock-absorber-brackets from **the front** of your car by yourself.

We will deliver you a preparation-instruction together with the parts.

**i.V.** = in construction

**X** = For the **X** marked cars we have component-document / quality report / component-certificate.

For all car-makes **without X**-marking we don't have component-certificate. These airride-suspensions are not allowed in road traffic / not legal on street.

For all vehicles registered in countries other than Germany apply:

Please check before ordering if the german component-certificate will be accepted into your country. We can not give you you a guarantee, that the airride-suspension will be entered into your car-document to your country.

**For the component-certificate we need a copy of your car-registration-document.**

Please send it directly with the order to our email-address: marketing@luftfahrwerke.de

After the delivery of the airride-parts (sending out of the packages), no component-certificate will be send out afterwards.

The shipping-costs were online (www.airride.de / Downloads)

---

---

**Extra-charges to complete-kits (shock-absorber-kit + air-management-kit)**

(we deliver the preferred part instead of the standard-part to the kit)

**to the MR.AIRRIDE-complete-kits:**

compressor <b>444</b> chrome = 1,76 CFM	(instead of the standard 380C compressor = 1,27 CFM)	<b>60,00 €</b>
compressor 444 black stealth = 1,76 CFM	(instead of the standard 380C compressor = 1,27 CFM)	<b>60,00 €</b>
compressor <b>480-plus</b> chrome = 2,54 CFM	(instead of the standard 380C compressor = 1,27 CFM)	<b>90,00 €</b>
compressor 480-plus black stealth = 2,54 CFM	(instead of the standard 380C compressor = 1,27 CFM)	<b>90,00 €</b>
compressor <b>MA2</b> chrome = 3,50 CFM	(instead of the standard 380C compressor = 1,27 CFM)	<b>110,00 €</b>

**to the G.A.S.-complete-kits V1 + V2:**

compressor <b>480-plus</b> chrome = 2,54 CFM	(instead of the standard 444 compressor = 1,76 CFM)	<b>70,00 €</b>
compressor 480-plus black stealth = 2,54 CFM	(instead of the standard 444 compressor = 1,76 CFM)	<b>70,00 €</b>
compressor <b>MA2</b> chrome = 3,50 CFM	(instead of the standard 444 compressor = 1,76 CFM)	<b>90,00 €</b>

**CFM** = cubic feet per minute    1 CFM = 1,699 m³/h

**480-plus** = 2,54 CFM = **more power** than the regular 480 (1,76 CFM) compressor

**airtank:**

stainless-steel-airtank 11,5l (3GAL) polished	(instead of the silver 11,5l-aluminum-airtank silver)	<b>35,00 €</b>
aluminum-airtank 11,5l chrome (3GAL)	(instead of the silver 11,5l-aluminum-airtank silver)	<b>35,00 €</b>
aluminum-airtank 15l silver (4GAL)	(instead of the silver 11,5l-aluminum-airtank silver)	<b>40,00 €</b>
aluminum-airtank 15l chrome (4GAL)	(instead of the silver 11,5l-aluminum-airtank silver)	<b>75,00 €</b>

**gauge:**

digital gauge with red lighting	(instead of the analogue gauge)	<b>99,00 €</b>
digital gauge with blue lighting	(instead of the analogue gauge)	<b>99,00 €</b>

**valves / magnet-valves:**

2/2-way-magnet-valves <b>1/2"</b>	(instead of the 2/2-way-magnet-valves 1/4")	<b>55,00 €</b>
<b>VU4</b> -magnet-valve-block with 7m wire for the 2 switches (using-possibility: front/rear)		<b>250,00 €</b>
<b>VU4</b> -magnet-valve-block with 30cm wire for the Accuair-E-Level-controller		<b>199,00 €</b>

If you mount the VU4-valve-block you don't need the kit for limiting the inclination in curves.

**A lot of customers choose the following additional parts:**

**remote-control:**

remote-control (part-no. 70601)		<b>38,00 €</b>
G.A.S. remote-control (part-no. 70600)		<b>50,00 €</b>
G.A.S. remote-control (part-no. 70605)		<b>69,90 €</b>

**Kit for limiting the inclination in curves (with 1/2"-check-valves)**

for 1 axle	(possible only in combination with the 2/2-way-valves)	<b>59,00 €</b>
for 2 axles	(possible only in combination with the 2/2-way-valves)	<b>118,00 €</b>

---

---

## **MR.AIRRIDE-complete-tkit = MR.AIRRIDE-shock-absorber-kit + regular-air-management-kit:**

**MR.AIRRIDE-shock-absorber-kit** = 4 pieces non-adjustable shock-absorbers (for the front and rear) with airbags, aluminum-plates  
2 pieces = stainless-steel-hoses with swivel fitting + push-in-connection **for the front**  
2 pieces = stainless-steel-hoses with push-in-connection **for the rear**  
1 piece = silicone-spray (for the care of the airbags)

### **+ complete regular-air-management-kit contains:**

- \* **compressor 380** chrome or black-stealth (black)
- \* Viar-compressor-relay + red wire with fuse-holder and 40A-fuse
- \* aluminum-airtank 11,5l silver or stainless-steel-airtank 11,5l (polished)
- \* airtank-mounting-kit (check-valve, pressure-switch, safety-valve, drain-tap, fittings)
- \* **water-tap** (filter for the magnet-valves)
- \* 2/2-way-magnet-valves 1/4" (2 blocks) with fittings
- \* analogue double-gauge with white or black background
- \* PU-airhoses/push-in-connections (1 roll Ø 10mm and 1 roll Ø 6mm )
- \* wire-kit (power-cable black/blue/black-double-vessel)
- \* seal-paste, cutter, leak-detecting-spray

inclusive component-certificate (if available for the car-make / please see the X-mark to the car-make-list)

## **G.A.S.-complete-kit V1 =V1-shock-absorber-kit + regular air-management-kit:**

**G.A.S.-shock-absorber-kit V1** = 4 pieces non-adjustable shock-absorbers (for the front and rear) with airbags, aluminum-plates  
2 pieces = stainless-steel-hoses with swivel fitting + push-in-connection for the front  
2 pieces = stainless-steel-hoses with push-in-connection for the rear  
1 piece = silicone-spray (for the care of the airbags)

### **+ complete regular-air-management-kit:**

- \* **compressor 444** chrome or black-stealth (black)
- \* Viar-compressor-relay + red wire with fuse-holder and 40A-fuse
- \* aluminum-airtank 11,5l silver or stainless-steel-airtank 11,5l (polished)
- \* airtank-mounting-kit (check-valve, pressure-switch, safety-valve, drain-tap, fittings)
- \* **water-tap** (filter for the magnet-valves)
- \* 2/2-way-magnet-valves 1/4" (2 blocks) with fittings
- \* analogue double-gauge with white or black background
- \* PU-airhoses/push-in-connections (1 roll Ø 10mm and 1 roll Ø 6mm )
- \* wire-kit (power-cable black/blue/black-double-vessel)
- \* seal-paste, cutter, leak-detecting-spray

inclusive component-certificate (if available for the car-make / please see the X-mark to the car-make-list)

## **G.A.S.-complete-kit V2 = V2-shock-absorber-kit + regular air-management-kit:**

**G.A.S.-shock-absorber-kit V2** = 4 pieces **adjustable Koni-shock-absorbers** (for the front and rear) with airbags, aluminum-plates  
2 pieces = stainless-steel-hoses with swivel fitting + push-in-connection for the front  
2 pieces = stainless-steel-hoses with push-in-connection for the rear  
1 piece = silicone-spray (for the care of the airbags)

### **+ complete regular-air-management-kit:**

- \* **compressor 444** chrome or black-stealth (black)
- \* Viar-compressor-relay + red wire with fuse-holder and 40A-fuse
- \* aluminum-airtank 11,5l silver or stainless-steel-airtank 11,5l (polished)
- \* airtank-mounting-kit (check-valve, pressure-switch, safety-valve, drain-tap, fittings)
- \* **water-tap** (filter for the magnet-valves)
- \* 2/2-way-magnet-valves 1/4" (2 blocks) with fittings
- \* analogue double-gauge with white or black background
- \* PU-airhoses/push-in-connections (1 roll Ø 10mm and 1 roll Ø 6mm )
- \* wire-kit (power-cable black/blue/black-double-vessel)
- \* seal-paste, cutter, leak-detecting-spray

inclusive component-certificate (if available for the car-make / please see the X-mark to the car-make-list)
